AS WE BEGIN TO STUDY

It has ever been a habit of man to record how he has striven through the ages to exceed the accomplishments of the generations prior to his own. It cannot truly be said that man, holding this attitude, is a perpetual egotist. Far better it is to believe, and rightly, that man in every age has tried to leave an example of progress that the future man MUST strive to exceed. Man is father to man, and like a parent, eternally endeavors to spur his own kind onward to greater achievement than he himself has marked.

Using this same incentive, the author invites you to examine and apply the ideas incorporated in the present course. You will discover it is a step forward in the literature of CONSTRUCTIVE psychology. It claims no hidden charm that unfolds to you sudden riches and success. It merely takes you a pace beyond the posture you now hold, perhaps due to other courses the author has been fortunate enough to supply you. It begs you to appreciate in calm examination its merits, and above all, to follow its manner until you SEE that you are being VASTLY improved in all ways by its application.

Most of us regard the glories of a new-born day rejoicing in our possession of LIFE. In comparative thought, you are NOW standing before the dawn of NEW IDEAS, and if you will summon EXPECTATION in sufficient power, you will sense a new LIFT in life coming to you and as you proceed with the study of RADIO MAGNETISM, you will SENSE the GLOW of new zeal uniting your ego to God's. Face the dawn, then! Assist the eagerness of the author to KNOW that you are grasping the truths of this course. Strengthened in every atom of your being, travel ONWARD, ever ONWARD!

THE AUTHOR.

FIRST --- MENTAL-MAGNETIZED ENERGY

Today, one of the most used words is "energy". This word now fills our language, both written and oral. Why? Simply because people have come to realize that energy is the one quality that causes everything to improve. Not a whit of progress ever could be made without the application of energy. Men have to use it in every moment of life. Machines are powerless until they are fueled or powered to produce energy. And as the heart is the energizing CENTER of your mental BEING, it would be of little value to study the uses in higher meaning of the subconscious and superconscious minds until we have examined and begun to understand the possibilities of MENTAL man.

COSMIC energy vastly differs from the energy contacted in the practice of REGULATED visualizing. These two energies operate through exactly opposite principles. In REGULATED visualizing, YOU seek to attain energy, whereas COSMIC energy can be attracted to seek YOU. There is this to remember, however: COSMIC energy does not seek you UNTIL you have become a MAGNET to it. That condition can come to you ONLY when you have learned to make your mind a MAGNET to COSMIC energy -- as the author is going to teach you right NOW.

Undoubtedly, all of you are familiar with the manner of procedure of a surgeon who is ready to operate. FIRST of all, he CLEANSSES the part to be operated upon. In this course, our PATIENT is the MIND. That is the part of you to be operated upon by YOU as surgeon. Therefore, like a good intern, follow the accepted fundamentals to the letter, by CLEANSING your mind first of all. To do this is extremely easy. Do you trust your hand at random in a fire? Why submit your MIND to a blistering by allowing it to harbor impurities? There is a guide within that tells you what is RIGHT THOUGHT. There are also the experiences and teachings of many years to escort you. Then, do not inflame your mind with improper thought. All who have courage can trace their most unfortunate happenings to a wrong attitude of mind. Now, no attitude of mind could be wrong if we had the PROPER thought in the first place. It so happens that most of us stagger under a common handicap of not being able to "let loose" when faced with the necessity of considering NEW THOUGHT. We seem to like kidding ourselves into believing that the old way is best. Usually, our inner guide will URGE us to try the new manner of THINKING, but our stubborn, material MIND constrains us to stay in the worn rut. LET LOOSE! Like a pioneer, DARE the NEW FRONTIERS! We have the most wonderful of all creations with which to experiment -- THOUGHT CENTERS. Cleanse then of hatred, jealousy,

envy, desire for vengeance, covetousness, lust, lewdness, doubt, fear and pessimism! With dawn of each new day, THANK GOD for LIFE -- for the NEW BIRTH of ego which attends the rising morning! Train your mind to become an incurable addict --- enslaved to OPTIMISM and FORWARD THOUGHT. As you know, first of all the MIND must be brought to this state in EARNEST and for GOOD --- if you would proceed with the practice of becoming a MAGNET to COSMIC energy.

For a moment, let us look back into youth. Do you recall if you wondered about GROWTH? Have you not, at times, examined yourself in amazement --- so utterly astonished to realize that YOU were GROWING? When a man or woman comes to PHYSICAL maturity, that certainly need never be the end of growth. The body reaches a natural state of maximum development and then, with the MOTOR units of man complete as can be, God invites us to grow --- MENTALLY, MORALLY, and SPIRITUALLY. Who are those men and women that grow old before their time? They are those who do not follow God's plan --- who fail to develop INDEPENDENT higher forces after God has brought their PHYSICAL forces to maturity. Of course, people who are victims of illness and accident have physical crosses to bear. However, even such disabled persons often possess physical attributes that lend them a GLOW similar to that of the perfect and whole man.

PURITY of MIND and THOUGHT is not difficult to attain. Once you have accepted this condition, and attempt to hold it successfully, you will ASSUREDLY never again allow your mind to slip back into mucky thought-gutters. Your ego's window will be shining and clear; then you will be able to proceed creating yourself a MAGNET to COSMIC energy. Naturally, there will be times when a fleeting evil thought will try to smudge your window pane. However, you can DENY such an adversity so FIRMLY that it will become discouraged in attempting to unseat you. In a sense, the MIND is like a piece of moist clay --- every time any repetition of thought pounds upon it, more solidity will result and release of the idea will be more difficult. If you keep your THOUGHT-clay moistened with the right attitude, all assaults of wrong thought will only serve to SOLIDIFY the right control of your mind --- and then, you will be well on the road to becoming a MAGNET.

Have you ever appreciated the great and marvelous fact of realizing in its fullest sense? Therein lies the definition of FAITH. If your mind be clean and clear, the very MOMENT you REALIZE with a THRILL that you are becoming a MAGNET to COSMIC energy --- from which source emanates all opportunity and improvement --- at that very MOMENT will you become a MAGNET, beginning to set in motion principles of cosmic attraction that shall bring to you the valuable and helpful DESIRES of your ego! Most of you have KNOWN the marvelous results of methodical, REGULATED visualizing. It is an elementary mental

training most essential to your building-up into fitness to study the practice of contacting COSMIC energy.

For a moment, let us consider the very familiar principles of beauty culture. What brings forth TRUE loveliness of face and form? It is the APPLICATION of all energies toward the ONE desired result --- BEAUTY. In the MIND, the case is exactly the same. Beauty of thought can be materialized ONLY when every effort is directed toward THAT end --- when "creams" and "cosmetics" of PROPER THOUGHT are applied regularly. If they are so applied, THOUGHT-BEAUTY will result, and COSMIC energy will speed to you with marvels to behold.

Have you ever FELT that you were EXPANDING beyond yourSELF? Have you ever experienced a sense of becoming "inflated" --- being light and swift, yet seeming to cover many times your body's space? That is the feeling to watch for in the approach of your ego to MAGNETIC POWER. You will VIBRATE --- you will actually feel emanations of COSMIC energy passing in and out of your body. What a great sense of victory it gave the author at the first experience! From that day on, he was BORN ANEW. Faces seemed kinder, words were attuned to harmony, attitudes of everyone around him seemed miraculously more favorable. It was not accomplished in any way other than that herein stipulated --- FIRST, by maintaining a clear, clean MIND --- then REACHING OUT with TREMENDOUS DESIRE to contact COSMIC energy; and in that manner, becoming so brim-full of super-power that MAGNETISM was an INSTANT result and COSMIC energy answered AT ONCE!

Of course, REGULATED VISUALIZING of a kind can never be abandoned altogether. ALL THOUGHT is VISUALIZED. What CAN be changed is the MANNER of VISUALIZING. Contacting COSMIC energy allows you to depart from the time-limit and special posture system. YOU become the CENTER to which opportunity is ATTRACTED! --- instead of you seeking the environments MENTALLY wherefrom such opportunity may commence to reach you.

The following simple exercise is about all that need be practiced to build tremendous powers of MAGNETISM. Merely VISUALIZE, and in time actually learn to HEAR rays of energy from your MIND whirring out into the UNIVERSE with lightning speed, causing to enter the direct presence of your ego all people, places, circumstances, and energies needed to bring to BEING the DESIRE of your MIND. With closed eyes, SEE these whirring emanations of METAL-MAGNETIZED energy thrust themselves into all parts of the UNIVERSE. It is not well to pick out any definite person, place, or condition in the exercise --- that is the contacting task of the INCOMING COSMIC energy. However, be sure you FORM DESIRE-PICTURES while whirring energies are being sent out. COSMIC energy will bring you whatever you are VISUALIZING and DESIRING without you being the one to set the pattern for materialization.

It is common thought that the hours of retiring and arising are best for the practice of any mental exercise. This is explained by realizing that at such hours the body is at night, READY to relax; in the morning, RESTED and prepared to do the bidding of the subconscious and superconscious minds --- to perform in PHYSICAL manifestation whatever THOUGHTS the subconscious and superconscious minds have obeyed during sleeping hours. Such reasoning follows logic very readily, and the author suggests you apply the bedtime and sunrise system. KNOW that you are becoming MAGNETIC to COSMIC energy, then set in motion VIBRATIONS that will draw to you the COSMIC force. Intermingling your ego's individuality with COSMIC energy merely instructs the HIGHER POWER what manner of man or woman you ARE. When COSMIC energy once gets into your VIBRATION, you will discover what a wonderful faculty it has in attracting to you just the things and conditions you DESERVE and can USE and EXPRESS. You will thus be WHAT YOU ARE --- in a degree of perfection and service to mankind that will certainly amaze you. All men want to be wonderful in their phase of endeavor. When you have learned to ATTRACT COSMIC energy to you, and that energy is CONSTANTLY bringing to you the CONDITIONS necessary to MATERIALIZE your DESIRES, powers of MENTAL-MAGNETISM will increase with such speed that often, you will feel actually constrained to shout aloud the praises of God for HIS PLAN.

Second --- Solar Magnetism

In scanning the history of religion, it is found that among all faiths the worship of the Sun has been most pronounced. This fact seems entirely natural. Before he had a skilled brain mechanism, man must have had the elementary faculty of loving and adoring that which he felt was good for him. The warmth alone of the Sun as it came to bless the world after the chilliness of night, after the terror of severe storms -- without doubt seemed to man a sign of favor from the GREAT SPIRIT. Even today, there are Sun-worshippers. Is it not well to have high regard for all God's creations --- and more especially, those that sustain LIFE, such as air, water, earth, and the Sun?

To acquire strength and beauty, it is essential first of all to love such qualities. For example, in courtship, there is little use imagining you are going to gain the true love of your desired companion UNTIL you show you have a comparable SINCERE intention toward the other party. In fact, basically it is true that you must love and desire what you are seeking to find before you ever will have a chance to discover it. At this moment, it is YOUR pleasant task to build a DESIRE for UNDERSTANDING that will lead you to practice of principles enabling you to contact the great MAGNETIC CENTER of the UNIVERSE known as the SUN. Remember, this is NOT instruction urging you to elevate the Sun to GOD. It is meant to show that the best way to please God is by paying intelligent attention to His creations --- using them in their highest capacity for YOUR betterment.

Now, for a moment, let us look a big FAKER straight in the face --- that fooler of men called FAILURE. Is failure any part of God's plan? What if God allowed the light of the Sun to fade, the rain to cease falling, the air to lose oxygenic properties, the earth to refuse germination of seed? If you think forever, you will be unable to bring forth ONE SINGLE INSTANCE of God's desertion to failure. Therefore, it is true that FAILURE is man-made BY man-THOUGHT. Every time we admit DEFEAT, we are slipping just that much farther along the pathway leading into regions farther from the KINGDOM of MAGNETISM. Now most of us have been taught that we are to try to grow MORE like God. How in the world are we ever to accomplish this if we begin by slapping God in the face in THINKING of ourselves as HABITUAL failures? Every part in God's great creation operates through the ONE principle of MOTION. No part of the solar system could hesitate a second in its regulated course without upsetting the whole UNIVERSE. In the CENTER of all this marvelous system, what do we find? A solid, dependable, cheering creation we have called the SUN.

It is the common nature of man to admire fixity, dependability. Science shows that the Sun is stationary --- being that FORCE which holds the planets, the Moon and the Earth in proper course. Early man probably did not appreciate the tremendous importance of the Sun as a preserver of cosmic equilibrium. He had the highest regard for what the Sun could do for him in a PHYSICAL way. Now, although present day knowledge undoubtedly is very fundamental in light of what the future MAN shall understand, we are beginning to recognize that the Sun, when properly APPRECIATED, can demonstrate powers greater than those of light, heat and direction in PHYSICAL meaning --- that through proper ACKNOWLEDGMENT of the Sun's powerful PURPOSE, man can attain to the heights!

Suppose you never say, "thank you" to a certain man who has often befriended you. Do you suppose that such a man will continue through years to assist you who haven't enough appreciation for LOVE to express it by recognizing such aid? It is the same way with God in the OPPORTUNITY He supplies in such great generosity --- we had better USE opportunity, or see it depart from us forever! Every ion of COSMIC energy is charged by the Creator to assist some living being or form to HIGHER LIFE. Now what is the use of allowing such a great FRIEND as COSMIC energy to waste its power on careless men? Man must not look to glitter of jewels and metals as his ONE source of wealth; COSMIC energy is far more saturated with UNTHOUGHT riches! It is exactly as though someone were to offer you two positions --- one carrying a steady income for life of one hundred dollars per month; the other offering to BEGIN, fifty dollars a month, but with GREAT OPPORTUNITY for advancement. Sad to say, most men likely would grasp for the ASSURED income. In so doing, they would say to God that their trust in Him was so negligible that on material supply alone they chose to place their dependence. The man who would accept the smaller wage with chance for advancement would show faith that God would grant him COURAGE and ABILITY and AMBITION with which to SUCCEED. The man settling into the assured income "rut" would be admitting to the world that he had reached his pinnacle, and from that MOMENT, disintegration of MIND and SPIRIT would set in. The other man would demonstrate that his PURPOSE was to GROW with PROGRESS and to contribute ORIGINAL ideas for the USE of mankind. With such an incentive, all of you CAN press ONWARD, applying the principles of RADIO MAGNETISM --- attaining SUCCESS far beyond all hopes. Remember that stagnation in any part of your MANIFESTED BEING will delay YOURSELF most of all, and what is the use of LIFE without an effort to IMPROVE?

Holding these few stimulating thoughts of SOLAR MAGNETISM and the natural forces of God, let us proceed to the mechanics of USING SOLAR magnetism. Step by step, this course will conduct you. You must apply FIRST OF ALL, the principles explained in preceeding parts to understand and benefit by

what you NOW study.

Indeed, it is a simple matter to employ VISUALIZED DESIRE and whirring MENTAL-MAGNETISM in attracting COSMIC energy. Merely PROJECT your MENTAL lightning bolts of THOUGHT straight to the Sun. As in all such exercises, what you are doing must be grounded in the unshakeable faith that you WILL ATTAIN the result sought. Now, some people likely will say you are kidding yourself into self-hypnosis. It is a lie, and a terrible one. By VISUALIZING, you are using SKILL given of God to bring you what you DESIRE, and in contacting COSMIC and SOLAR energy, you are merely saying to God --- "I realize and appreciate Your manifestations of assistance, and I am not such a fool as to deny myself their use."

All of you love some person most dearly. Now here is a way to set your MIND on the quickest pathway in reaching the CENTER of the Sun to contact SOLAR magnetism: as you bring your DESIRE PICTURE into your inner consciousness, imagine this DEAREST person waiting for you IN THE SUN. Then, with the terrific speed of MENTAL magnetism releasing to the power of THOUGHT-bolts, send out your DESIRE PICTURE to the presence of the DEAR ONE. Instantly, you will be thrilled, by the great power of SOLAR magnetism, and the thrill will increase with growing faith. You need not look AT the Sun, in these exercises --- merely PICTURE the Sun mentally.

As you sit, or stand, SMILING, also SENSE that your entire ego is expanding. Let it embrace the room, then the house, then the block, then the town, the county, the state, the country, the world, and finally, ALL SPACES in the UNIVERSE. This system of VISUALIZED expansion ABSOLUTELY will fill you with surges of COSMIC and SOLAR power that will endow you with such feeling of GREATNESS and PURPOSE that you will scarcely be able to maintain a quiet attitude. Your ego, as it embraces the whole UNIVERSE in this expansive way, will place you in immediate contact with EVERY ION of COSMIC and SOLAR energy, and you will find attunement with all hearts and with all minds. Can you not SEE what great purity and exaltation of PERSONALITY this contact will give you?

Then, while alone, as is always best in any mental stimulation, BEGIN to see yourself as a miniature Sun --- emitting SOLAR magnetism from your own solar plexus. See to it that you are benefitting everyone and everything you contact. See that you are receiving THANKFULLY and humbly the approval of God in your faith to use His powers. Never have you seen the face of the Sun sad. In fact, when clouds try to cover it, there is usually a time when part of the Sun shows through. What cheer it then brings to the consciousness of OPTIMISTIC men and women! Of course, there are and probably will be for thousands of generations to come --- people who hate LIGHT. How happy are they? How much beauty does PESSIMISM and gloom

reflect? How great a benefit can such negative expression bring mankind?

If they are well and nourished, children are happy. In the sight of the great ORIGINATOR of life, we are all children. What is the sense of starving ourselves in a world wherein plenty has been ORDERED for the happiness of all? Even temporary shortages of supply that attack us need never take away SUNLIGHT. There is generally a way to be found that will keep the body well, the mind optimistic. And when a man understands it, yet refuses to allow PROGRESSIVE VISUALIZING to assist him, slow relief indeed must he expect. Most poverty is the result of mismanagement in one department of life or another. Basically, all misfortune can be laid right at our own doorstep. To be needed and appreciated when a friend is ill or desperate, to be WANTED for your good companionship, to FEEL you are becoming a necessary part of God's plan in LIFTING humanity, and to REALIZE that you are ASCENDING in LIFE --- such are the sails that the WIND of SOLAR magnetism will float into your harbor!

Thus, project into the great SPACES your MENTAL magnetism until it contacts the body of the Sun. Therein, let your heart swell in its joy at being in contact with the source of light and life. Then, expand your whole ego until YOU are SPIRITUALLY in actual touch with every PORTION of the UNIVERSE. Finally, begin to REALIZE that YOU are a unit of SOLAR magnetism and can send out LIGHT and LIFE to those with whom you deal every day. Never will you be able to fill your mind with thoughts of HAPPINESS, SUNSHINE, and BEING without bringing such blessed states to actuality in daily manifestation. Therefore, if you will seek HIGHER POWERS willingly and with GREAT ZEAL, you will assuredly ATTAIN them, and once they become YOURS, they will never get a chance of escape. Since GROWTH and advancement are the results of contact with the Sun and God's other natural blessings, you will GROW, you will EXPAND, and you will SUCCEED in just the degree your ZEAL will allow!

Third -- Sensitized Reception

What is a principal cause for the fruitless lives we see all about us? Very often, it is that people are no more than waste baskets for any and all thoughts that happen to strike their sensitized brain centers. It is a pitiful thing such people apparently submit to the entrance of ANY thought -- whether it harm them or do them momentary good. It places such men and women in the class of will-less individuals, for they are NOT the masters of their fate. Usually, these unfortunate people are found among those who have not had education, early training, or INCENTIVE enough to do anything about correcting the evil condition. This is not always the case. However, it is right to believe that the man who makes a struggle to improve from a SIMPLE beginning shows MORE courage than he who had everything to begin with --- good health, good home, education, and a constant supply of material necessities; finally, also the STRUGGLING man finds fuller SECURITY because he has had to make the GREATER FIGHT to ATTAIN SUCCESS.

Perhaps the greatest stumbling block to improvement of thought-control is the fact that most of us do not use that simple method of regulation called "choice." If we go into a restaurant, for example, and there we find a selection of foods, should we be asked if we desire a certain kind of vegetable not pleasing to our taste, we quickly refuse it and order something we enjoy eating. Yet in the case of THOUGHT, most of us let that great power run at random, bringing us the chaff with the grain --- filling our minds with "dusty" and "filthy" ideas at times, then expecting what good and pure thought may remain to have full and beneficial power. It simply cannot be that way. It is our task to examine the ways and means of keeping a mental household that shall admit the presence of FAVORABLE thought alone, then to apply the principles that control what thought reaches us. This must be done to attain the elementary sense of mastery over thought that shall allow us to inbuild self-confidence. To do this, follow the instruction of the following pages.

Let us consider, just for a moment, the radio receiving set. What is that a person usually desires most in a radio? It is usually a combination of tone and reception. Selection is also very vital and to a certain extent, the style of cabinet; however, if a person pays most attention to the body of the set rather than to its PERFORMANCE, he shows himself to be material-minded and can easily become the victim of clever salesmen who will sell such a vain fellow a radio for its outward beauty rather than DEPENDABILITY. It is well known that all parts of a radio's machinery must be in harmonious and efficient working-order to bring a gratifying result

from the air-waves. It is hardly necessary to say that such is exactly the need in obtaining the best RESULTS from MIND.

It is therefore YOUR task to make a critical examination of the motor of your mental receiving set. Are you able to adjust what thought is attracted to you by a mere "turning" of the dial? Can you INCREASE the clear vibration of a desired thought by turning another mental dial? Can you select your thought by reaching a certain point in wave length where no other thought can enter your mind while that first thought is being considered? If you can accomplish this, then skip to the next section of the course. However, there are few people with such control --- and we are all TRYING to gain it. Thus, let us travel together through the discussion of what to do in gaining mastery over MIND that shall approximate the mastery we exert over the operation of a radio set.

To begin with, you must learn how to "shut out" what thought is not wanted. The way of doing this is very simple. It seems that God intended that any method He supplied man to use in self-correction should easily be acquired. For long ages, the mystics who had discovered secrets of POWER held them in deeply-guarded silence, fearing that PERSONAL power would be dissipated by the acquisition of these mysteries by the public. If any student showed signs of "awakening," unless he be one of the CHOSEN disciples, these "masters" so muddled the seeker that he would cease trying to untangle the mysteries. Now, "secrets" are being exposed as being not secrets at all --- but the ways of God. They are fast becoming the common man's property, which IS God's intention.

Do you know what is the result of any proposition that may be put before you if you say NO to it? That idea, as long as you THINK AGAINST IT, has no chance ever of becoming a materialized fact. You must maintain a stubbornness of MIND against harmful thought in order to control it. Whenever a thought not to your liking enters your brain centers, say mentally --- "I deny you as a malicious vibration and you shall not harm me by your continued presence." Remember, you MUST NOT say this in your mind as if it were a line of beautiful poetry. You have to use force and conviction, or your subconscious mind will believe you are stroking the unwanted IDEA's back, hoping your harsh words will restrain it from biting you. VIGOROUSLY DENY ALL UNWANTED THOUGHT. Probably you have seen news reel photographs of present-day great world leaders. Have you not remarked how every gesture, look, movement of body and expression of face SHOWS CONVICTION, concentrated PURPOSE, and IDEA? You must gain similar control over the acts of YOUR being by learning to control your MIND. When you are assailed by adverse thought, it is unnecessary to shake fists, rave and rant; however, you MUST make it very definite to the subconscious mind that you are the BOSS of yourSELF --- that you will not tolerate the presence of any

unfavorable vibration in your MIND.

Here is a simple exercise to use in developing thought **reception** and thought selection. As you enter your period of calm, relaxed concentration, ALONE, close your eyes, and wait until your mind becomes attuned with the great energies of COSMIC vibration. You see, your "mental" tubes are warming up, and before reception can demonstrate the "tubes" must be aglow. Then when you feel surges of COSMIC power passing in and out of your body in ever-increasing number, begin to do a little selection in this way:

Imagine your MIND to be a great hotel lobby. VISUALIZE your THOUGHTS as individuals --- SEEING the good thoughts' foreheads banded with gold ribbon, and the unfavorable thoughts having black ribbons in like position. As these IMAGINARY individuals of your MENTAL PICTURE enter the revolving door of your hotel lobby, begin the selection. Allow the gold-ribboned "thought" individuals entrance to the lobby; at the desk, they will inquire for YOU, and the clerk which is symbolized as the subconscious mind will direct them to your room. This will instruct the subconscious mind to WELCOME every good thought and admit it to your MIND at once. As for the black-ribboned thought-individuals, as THEY step into the revolving door seeking admittance to your lobby, see them STARED DOWN by the clerk you know as the subconscious mind, then watch the evil thoughts keep right on circling in the revolving door until they pass into the street again. YOU watching their backs disappear. This will advise your subconscious mind that adverse thought can find no welcome from you whatsoever, and that you want no sight of their faces, but the vision of them leaving you UNRECOGNIZED.

It will amaze you to notice how, with this simple exercise being applied, you soon gain control over thought-selection to such a sensitized degree that you will be able to leave selection almost entirely up to the subconscious mind; for the subconscious will realize what are your wishes regarding THOUGHTS that seek to reach you. The subconscious ALWAYS obeys what YOUR wishes as MASTER appear to be --- by your MENTAL attitude. You will then come to the happy state wherein it is a matter of knowledge that your brain CENTERS, through contacting COSMIC energy and SOLAR magnetism are arrived at the efficient stage where they admit to your household only favorable THOUGHT. Occasionally there will come a "sneak" thought hiding behind a good one until it arrives at the desk of your hotel lobby. However, no such craven thought can possibly enter the DOOR of your MIND unless YOU welcome it. That you will certainly not do, but deal with such adverse VIBRATION exactly as you have learned to deal with the black-ribboned thought-individuals.

It is high time people are learning the TRUE

harmfulness of FEAR. When you ignore it, FEAR is as powerless as a drop of water on the desert at high noon in midsummer. It gains the power of a terrific flood in a narrow river-bed when you ADMIT its existence. When finally you can control thought so your MENTAL mechanism will ALLOW only what thoughts are favorable --- and this can be accomplished QUICKLY by using the foregoing exercises --- then you will SEE the dawn of fulfilled DESIRE, of ACCOMPLISHED PURPOSE, of RIPENING SUCCESS.

Self-confidence and egotism are separate manifestations of a man's opinion of HIMSELF. The first is the result of KNOWLEDGE of FITNESS; the second, when exaggerated, makes a man the perfect double of an ass. It is not sane for man as a PHYSICAL being to think too highly of himself --- for the FLESH-YOU is tangible to destruction. What a man OUGHT to do is SENSE that his spirit and MIND are POWERS --- to allow the body in clean, healthy state to carry him into greater manifestations of a properly-guided ego. Conceit bears the stamp of petty THINKING. Confidence shows a man's FAITH in God's will that he BE an INDIVIDUAL.

NEGATIVE thought certainly will turn cowardly once you have gained such selection that the subconscious mind automatically takes charge of mental "weeding." FEAR will find no sympathy with you --- will not dare peer through your window. All sense of weakness, and lack of fitness to do your life work will flee --- unless you relax, allowing the black-ribboned evil thoughts to infest your hotel. In all evolution of the EGO --- there are only two ways to travel --- forward and backward. Stubborn fools let opportunities of improvement pass them --- but YOU will NOT! YOU are going to ascend with the rest of us who want to exert DIVINE principle in PRIVATE CAREER. Also, it is well never to forget that, regardless of how wonderful a teaching may seem to YOU, there will follow others MORE WONDERFUL. We must accept NEW REVELATION, seeking ever for MORE LIGHT!

R A D I O M A G N E T I S M

Fourth --- Long Aerials and Deep Groundings

Perhaps the main excuse for the existence of the PHYSICAL body is found in the necessity that it be heavy enough to respond to the law of gravity, thus allowing us to remain on earth as long as LIFE lasts. It shows that in such a case, at least, DENSITY is important and to be respected. SOLIDITY of body is to be maintained, as is strength. However, in our search for improvement, other bodies than the PHYSICAL must have attention. It is said that every living being owns what is termed an ASTRAL body --- an etheric body extending in equal measure OUTWARD from the CENTER of the solar plexus and enveloping the entire physical shape. When we contact ASTRAL bodies of other people, by the VIBRATION which exchange between their ASTRAL and our ASTRAL bodies we SENSE if we are in harmony with them.

Now, in the installation of radio sending or receiving sets, you KNOW how vital it is to have the parts OUTSIDE the body mechanism in perfect fitness and proportion. Among these, the AERIAL and GROUND are very important. We are in this course endeavoring to show that the radio can be studied in comparative meaning to those acts which a man performs with himSELF as a "radio." It is apparent that God tries over centuries to show a man the truth about himself and his POWER; when man refuses to awaken to the simple FACTS of manifestation, God has to place some INANIMATE object, such as the radio, in the field of man's vision. Finally, by favor of a leader, man grasps POWER by proven comparison.

THOUGHTS are the programs you send from your MENTAL broadcasting station, and THOUGHTS are the programs you receive from millions of sensitized SENDING sets found in the MINDS of other men and the phenomena of COSMIC energy and SOLAR magnetism. With no study at all, man has and uses these abilities to send and receive. But UNLESS he UNDERSTAND their HIGHER USE and PROPER handling, he is likely to come to sorrow --- to suffer many delays and reversals because he cannot manage such POWER with INTELLIGENCE.

Your AERIAL is the contact your ASTRAL body and subconscious mind make with COSMIC energy and SOLAR magnetism. Your GROUND is the healthy and pure condition in which you keep your PHYSICAL body. If you neglect either, you cannot receive the same result as you could if BOTH were in perfect HOOK-UP. If the AERIAL is neglected, you will get into many embarrassing messes; it is worse for you than to neglect the ground, although to desert either is serious indeed. For example, in radio operation, it seems to be better to use AERIAL than GROUND if you do not hook-up both. However, the use of the

GROUND will bring you PURITY of TONE as well as DEPTH of RECEPTION while the AERIAL contacts DISTANCE. MENTALLY, they are TWINS in the DIVINE system of cooperation to bring YOU success and contentment through their SENSIBLE and FAITHFUL application.

A THOUGHT is a word or words INCORPORATED into picture form. Right NOW, try thinking of a word --- any word --- and see if you can do so without bringing a PICTURE of some nature to your MIND. YOU never can do it, nor can anyone else. What gives FORM to thought? It is the whirring VIBRATION of COSMIC energy shaping an IDEA into PICTORIAL ACCENT. You set in manifestation the needed FORCE to bring to BEING whatever you are THINKING at the very MOMENT you THINK it! Is it necessary, then, to repeat how CAREFUL we but be in selecting THOUGHT? Believe the author, if you will THINK rightly and FAITHFULLY, you can no more escape the manifestation of your DESIRE than can you escape getting wet if you fall into a bathtub full of water. Think for the moment how MARVELOUS it is that God has given us such CHOICE - that we BECOME the shapers of our DESTINY through DIVINE RIGHT of THOUGHT!

We enter the world mainly in the realm of PHYSICAL expression. Thus, to follow the logic of comparison of SELF with the radio, it would seem that the first NECESSITY is to attend to the GROUND, to see that it comes to proper health. Our PHYSICAL bodies CONSTITUTIONALLY must be as strong as we can keep them --- our habits must be as sane and regular as moderate LIVING will allow them to be. In other words, FIRST of all we must be GROUNDED in RIGHTEOUS MANIFESTATION of the FLESH wherein the SPIRIT dwells. Of course, there is little use trying to be ANGELIC before our time. We can appear TOO GOOD, you know, by holding such strict, nonsensical codes of worn-out ethics that it would be impossible for any CREATION save A-NUMBER-ONE angels to live up to them, and in the eyes of radical reformers, even such super-beings probably would commit many wrong-doings. SWEETNESS of TONE will demonstrate when we are living in PURITY and with HIGH PURPOSE, yet trying to be a fellow to mankind, and not a pedestal-sitter. There can be no CLOGGING of the PHYSICAL BODY as it prepares to put to operation the principles of subconscious mind through the ASTRAL body into fields of COSMIC energy to contact SOLAR magnetism. For example, examine an unwashed sieve after it has been used to strain an orange. Through such a sieve, water for cleansing will find difficulty in passing. But after the particles of orange that clog the sieve are removed, water will flow through it freely. In bodily expression YOU must be like a clean SIEVE should you DESIRE to receive QUICK, FULL BENEFIT from the contacted manifestations of COSMIC energy and SOLAR magnetism.

Much has been stated concerning the results from

PROPER BROADCASTING. Yet NOW we are going to deal with a HIGHER USE and PRACTICE. If you will RECOGNIZE, seek to UNDERSTAND and LOVE your ASTRAL body, you will certainly gain much faster access to that ENVIRONMENT and MANNER of life service you DESIRE. Your ASTRAL body, remember, is thought to be a part of God; it is said to be indestructible at death, to hold within it the SUM of all your experiences. It loves YOU and wants to protect YOU. If you will only be gracious enough to RECOGNIZE its high regard and concern for you and its tender nurturing of your SPIRITUAL well-being, great demonstrations of SUCCESS and almost unbelievable results from VISUALIZING will show. The farther away from a sense of PHYSICAL limitation you can remove yourself when using your AERIAL, the better will be your RESULTS from its use. One such moment spent in such obliviousness to the FLESH will bring marvels. For we are not expecting any hokus-pokus demonstrations in our improvement ENDEAVORS --- we are looking for the TRUTH of God's LAW and finding it! All nature is orderly and methodical. That is how MIND must become.

For the moment, let us consider TONES of THOUGHT. It is well known that COLOR has much to do with THOUGHT. For example, white is the color of PURITY and OPTIMISM. Red symbolizes strength and vitality; also, anger and war. Blue suggests placidity and artistic temperament. Black has ever been associated with failure, death, gloom and distress. So we see at a glance that blending color will produce VARIED and MODIFIED VIBRATION. NEVER ALLOW BLACK TO COME INTO YOUR VISION WHILE CONCENTRATING. If it does come, STOP VISUALIZING AT ONCE and turn to other occupation until you FEEL that you are strong enough to DENY BLACK. Any moment spent visualizing while BLACK evidences certainly will bring dire result. It will delay you DAYS in your much sought progress. The reason for such a meaning being the property of BLACK is obvious --- BLACK being the one TONE that can saturate and hold forever IMPRISONED all others. It cannot destroy COSMIC energy nor SOLAR magnetism, but it CAN and WILL bounce them on a tangent from you. Blue, orange and white are colors to be DESIRED in visualizing. Just remember when you bring to your subconscious mind and your visualizing CENTERS any picture backed by TREMENDOUS DESIRE to materialize it, and you contact the fields of electro-magnetism in expression of COSMIC energy and SOLAR magnetism, if you will ALLOW an AURA, or COLOR-FIELD of shades in strong BLUE, strong ORANGE, or strong WHITE to surround and saturate your PICTURE, you will send out from your broadcasting station the swiftest kind of DEMONSTRABLE THOUGHT-POWER possible!

Whenever you are sitting ALONE anywhere, with no PRESSING matter to occupy your mind, relax as you begin to feel in proper CALMNESS of thought, and with closed eyes TRY to bring into BEING around you the CONSTRUCTIVE color-fields. Never enter any VISUALIZING period with any other than a

happy, SMILING attitude. While we are in the FLESH, a smile will always be the best INDICATOR of inner contentment. You must give your ASTRAL body, your subconscious mind, and God's Cosmic energy and SOLAR magnetism a REASON to FEEL that you YOURSELF sense their presence. Any recognition you give to such POWERS, they will return you in GREAT INCREASE by demonstrating for you whatever you may DESIRE of them.

This effect you can easily cause by directing from your PERSONAL being such strong rays of active OPTIMISM that your sincerity and ENERGY cannot be mistaken. Never for a moment forget that PROOF in your ATTITUDE that you DESIRE IMPROVEMENT, that you RECOGNIZE God's PRESENCE, that you are doing your part in the maintenance of a well-directed THOUGHT PROGRAM toward gaining MANIFESTATION of your DESIRES --- these things are all that God and His forces NEED to SEE as They begin OPERATING to MATERIALIZE your thought-forms.

As days pass in your new attitude of LOVING your ASTRAL body as a BIG BROTHER who has never been absent from you a single second of all your experiences, you will SENSE that you are GROWING. Sometimes, it will take a long look in a mirror to convince yourself that you actually are not GROWING in VISIBLE ways. You will be deepening your GROUND and extending your AERIAL. You will gain DENSITY of TONE and SELECTION to a great degree. There will come a GLOW that will characterize you beautifully, and people will remark it. In case you are keeping company with a sweetheart, or if you are married and happily so, you will notice IN ASTONISHMENT how often the object of your DEVOTED affection will TELL YOU of the LOVE that is for you! And if you are one who has never cared for intermingling of the sexes, you will CERTAINLY notice how you are more and more SINCERELY DESIRED as COMPANY by your friends, and how YOUR individual traits you yourself may never have considered obvious before will begin to excite FAVORABLE COMMENT, giving you more and more of the CONSTRUCTIVE color-AURA you are building up around you. Two pathways lie before you --- one Uphill, the other DOWNhill. Uphill will lead you into INCREASED glory of the orange glow of SOLAR magnetism at each secure step. Downhill will conduct you into the unsafe, treacherous black shadows.

You will not move into valleys of self-destruction. You will USE THOUGHT and VISUALIZING to bring you UPWARD in LIFE. You want to be more HONORED, more LOVED by proof of your SERVICE to humanity. You will attain these blessings in all the accompanying senses of SUCCESS and IMPROVEMENT by APPLYING this knowledge.

Fifth --- Spiral and Lateral Thought-Eddies

There are times when it is indeed very pleasant to glance backward into the days of childhood, recalling certain experiences that meant to us a great unfoldment of some certain principle of truth. At such moment, you and I can remember how the REALIZATION of new-found FACT came to us like the bursting of a great light on our conscious plane. Such occurrences bring THRILLS never to be forgotten, and when proper connections recur in life's interwoven happenings, the MIND returns to the first THRILL and we reclaim once more all the glorious marvel of AWAKENED REALIZATION that was ours at that early date.

In this section of RADIO MAGNETISM, we are going to study an absolutely NEW conception of THOUGHT VIBRATION, and it is so simply applied that the author knows you are going to find INSTANT success with it, and the buoyancy of SPIRIT it will bring you shall mean much in the ESTABLISHMENT of proper FOUNDATION for all future REALIZATIONS of DESIRE. All of us are constantly on the watch for BETTER WAYS to succeed, to gain health and love. Better ways ARE, as we have learned, ALWAYS in the hand of God ready to be released freely by Him when man shows himself wise enough to RECOGNIZE the better way.

Somewhere along the back trail to childhood, you likely recall having dropped a stone into still water, then watching the eddies circling wider and wider from the spot where the stone entered the water --- until a GREAT circle was formed and the ripples seemed to VIBRATE rather than take on the appearance of a smooth-lined circle. NEVER ALLOW THOUGHT VIBRATION TO IMPRESS YOUR VISUALIZING MIND AS BEING SMOOTH OR STRAIGHT! VIBRATION cannot be exactly straight, nor can it be smooth and even. If it be that way, it is not VIBRATION at all --- since it then becomes merely a projection of the conscious mentality and has no UNCEASING vibration to carry the thought beyond the point to which it shall be directed by your MATERIAL mind. You have listened to singers whose voices had no vibrato. What sound is more disagreeable than that? Yet you recall the magnificent sensation that is yours when listening to a great artist whose voice shows just the right amount of vibrato. All things in life have a common REASON for being and an IDENTICAL operation through the one great law of CONSTANT VIBRATION. It is said that all material of the UNIVERSE is held together by VIBRATION. Thus, when dealing with the science of mental projection, we MUST use VIBRATORY principles.

Have you ever lived in a neighborhood where someone was studying the violin? You will, if such be true, recall the horrible tones that CAN be produced by a violin in the hands

of a beginner. The same instrument played by a master would cause you to betray your deepest emotions. How can the beginner call forth such hideous discords, sometimes, it would seem, with careful pains to disturb the equilibrium of all nature? It is certainly NOT the fault of the student as a PERSONALITY. It is because he has not yet learned the secret of calling PROPER VIBRATION from the violin, and thus, he lacks confidence to play harmoniously even the few notes he may know. Exactly the same case can be laid to all sound, and especially to the human voice. Some people, beautiful to see, disappoint us cruelly when we discover they have displeasing voices. PERSONALITY is displayed in TONE VIBRATION more than in any other non-material quality.

Now we will enter the actual discussion of spiral and lateral thought-eddies; whether you believe it at PRESENT, you will shortly discover you have a gold mine of information herein. Thought is projectible into the UNIVERSE in two general directions that embrace every part of space --- the shape of this dual-projecting field being like a cross. THOUGHT is projectible straight up and straight down; THOUGHT is also projectible OUTWARD on PARALLEL with the earth to all parts of the UNIVERSE. Now, picture in your VISUALIZING mind these two phases of VIBRATION. INSTANTLY, you will see how the straight up-and-down THOUGHT-EDDIES can widen until they reach to all parts of the UNIVERSE; and how the OUTWARD and PARALLEL-to-the-EARTH THOUGHT-EDDIES can grow thicker up-and-down until they enter all space. Thus, notice again that THOUGHT VIBRATION, although dually variated, FOLLOWS the ONE law of the COSMOS by merging into ONE great, all-INCLUSIVE and incessant CIRCLE. TIME cannot be considered in the broadcasting of THOUGHT VIBRATION, for the INSTANT a thought takes form, it comes IMMEDIATELY in contact with all sensitized RECEIVERS in the UNIVERSE, and it will find DEMONSTRABLE lodging --- IF the sender of the thought understands HOW to MAKE THOUGHT PRODUCE.

If you BELIEVE you will receive what you are demanding of the CREATOR in your VISUALIZING and contacting of COSMIC energy and SOLAR magnetism, your THOUGHT is charged with an electric force that MUST contact its mission and DEMONSTRATE its qualifications and worthiness to serve you. Without this FAITH, you can visualize all your life and never contact more than the routine opportunities that come to all people who are semi-intelligent, whether they THINK or not.

Let us consider an example in our search for knowledge. Suppose you have two pieces of wood that are notched at the edges and you want to fit these into one another so they will produce a dependable joint. In case the fit is imperfect, you work with the wood until the two pieces go together as if they merely had been severed by a thin knife-blade without so much as a tiny splinter being lost. In the

manner of THOUGHT attacks upon the fields of energy and magnetism, the procedure is the same as with the two pieces of wood. VIBRATION, which is NEVER smooth, makes "notches" in the fields of power. Your THOUGHT and the ENERGIES of the COSMOS being of one and the same intangible expression, are the same as the two pieces of matched wood. You MUST fit MIND with ENERGY perfectly in order to secure DEPENDABLE result from your VISUALIZING. The VIBRATION of COSMIC energy when it meets the VIBRATION of your THOUGHT broadcast will solder the two FIRMLY. Your VIBRATION never must become COLD, for the HEAT of COSMIC energy cannot operate without the COUNTER-HEAT of your own energy. Athletes take the best of care of their physical bodies in order to stay fit to compete. In the work we are studying, MENTAL athletes such as the ASTRAL body and the subconscious mind must have the best of training from you and me as COACHES in order that we may prove fit to receive the rewards of MATERIALIZATION.

As you enter your period of VISUALIZING, imagine yourself calmly seated at the edge of a platform above a body of blue, placid water. Gaze into this water for a few minutes while you see mirrored therein the exact conditions you want prevailing in your life. SEE that you are a PERFECT BEING with PERFECT PERSONALITY, and see every detail of all your DESIRES GROWING in the clear water from small to LIFE SIZE. Let the golden glow of the Sun, symbolizing the ever-presence of SOLAR magnetism, play over the blue water and let the color-tone of the IDEALS you are BUILDING in the water be green, white and orange. When you have spent a few minutes in this calm reflection and inbuilding of DESIRED environment and circumstance, imagine a THOUGHT "dropping" from your MIND into the water. This released THOUGHT as it meets the water will start EDDIES flowing away from the spot of contact with the water. WATCH these eddies FLOW THROUGH the objects in your mental picture WITHOUT DISTURBING them, but rather forming a freely flowing current of VIBRATION through all the parts of your DESIRE PICTURES. Also SEE that the field of magnetism from these thought-eddies is rising ABOVE the water and reaching below its surface --- as well as extending OUTWARD from the entrance point of the THOUGHT into the water. Now, as these spiral and lateral thought-eddies INCREASE their sphere of influence, YOU remain as the ORIGINATOR of FORCE, the DYNAMO of perpetual BROADCASTING. Even while you are practicing this system of VISUALIZING, lines of force will be directing their ENERGIES toward your IMMEDIATE IMPROVEMENT in SOME portion of the UNIVERSE. You cannot escape it. You would get the same result were you to DESIRE something evil --- BUT --- the DEMONSTRATED VIBRATION as it returned to you would be color-toned BLACK, dealing you great harm for being the ORIGINATOR of a DESTRUCTIVE thought.

Many of you have been students of the author's works for several years. If you will look back investigatively, you will realize that, IDEA by IDEA, we are proceeding

together toward GREATER POWER, and yet, have you not also noticed how with greater power, there has also come GREATER SIMPLICITY in the attaining of it? The more powerful we become, the more POWER we can DEMONSTRATE and ATTRACT.

Remember that it is not always the seed alone that assures a plentiful harvest. The planting must be done when WEATHER is right for it. In our MENTAL planting, the WEATHER of our physical condition must always be interpreted. If we are tired and ready to fall asleep, there is little use trying to VISUALIZE. You will likely work yourself an injury, for you will be demonstrating LACK of power to the subconscious. The subconscious has no power to CREATE other than that which you DEMONSTRATE. It will do as you THINK, and that only. It is never INTELLIGENT until it has been given INTELLIGENCE through your MENTAL attitude.

In the exercise of VISUALIZING above, the use of WATER is symbolic of DENSITY and DEPTH that also contains TRANSPARENCY. In other words, the subconscious is made to understand you EXPECT a SUBSTANTIAL result, one that is ACTUAL and UNDERSTANDABLE. The earth, or the air might have been used in some VISUALIZATION to contact COSMIC energy and SOLAR magnetic fields, using the spiral and lateral thought-eddies. However, there is no element that can embrace all qualities in ONE as can water. Since we are in PHYSICAL bodies, we must use a PHYSICAL symbol to attract a PHYSICAL RESULT from our VISUALIZING. There is no use denying the presence of material NECESSITY on this earth. Of course some will not suffer through the inconveniences of life, and take a way of departure that brings dishonor to loved ones and stigma of cowardism to themselves. It is undoubtedly YOUR purpose to become PHYSICALLY as perfect as you can accomplish. For then, you UNDERSTAND that through use of VISUALIZING POWER, you will be much better equipped to serve humanity --- to KNOW the satisfaction that comes with the REALIZATION that YOU are VALUABLE to the cause of IMPROVEMENT in the world.

In all mental pictures, the more of NATURAL and NATURAL COLORS and OBJECTS you bring into prominence, the swifter will come contact with COSMIC energy and SOLAR magnetic fields. In the beginning, ALL was NATURAL. Therefore, FIRST creations, and FIRST environments logically own TREMENDOUS SUPPLIES of SUPER POWER to PERFORM for YOU and to DEMONSTRATE your DESIRES.

Sixth --- You! An Accessory to God and His Riches!

In studying a business or profession, it is customary to take into serious consideration the merits, habits and records of those who stand foremost in it. Now, it is our pleasant obligation to do just exactly that in our endeavor to master MENTAL ATTRACTION. Are we not striving to exert POWER over CIRCUMSTANCE? Then it becomes our sensible plan to look to the One Who is all-POWERFUL --- the CREATOR --- then try to emulate His method of procedure. No one will ever get to the LEVEL of the CREATOR, but all may RISE by paying strict attention to His METHODS. HIS FORTE is the power of THOUGHT projected through fields of SOLAR magnetism by COSMIC energy. To the degree we master this same principle of POWER, to that degree will be approachable the level of God and at every upward step, we SEE God's smile broaden and His benefits express to us more bountifully in HEALTH, LOVE, OPPORTUNITY and SUPPLY!

We most of us believe that God is honest. Then, WE must be honest. Also, people like to think of God as being just. WE must also be just. We notice that God shows ONE PLAN in all manifestation. We must therefore instigate a system of PERSONAL EXPRESSION that shall employ ONE PLAN ONLY --- that of strict adherence to natural law as demonstrated in the principle of THOUGHT becoming the FORCE through which we make ourselves WHAT we ARE. Now of course, through this trust of God, we are so powerful that THOUGHT can be used as an ally of ours or an enemy. It is usually when people have sent out THOUGHT whose nature was AGAINST their best interest, that they turn their backs to God, accusing Him of injustice, when evils assail them. Now, the very thinking of such an IDEA against God only will make it MUCH more difficult for such people to ascend to any level near the plane they some day hoped to attain. It is exactly as though a neighbor were to give you a pie on a silver plate; after having eaten the pie, you had gone to sell the silver plate. You cannot accept God's law, then expect to escape His preeminence as FINAL JUDGE of you! You cannot praise Him in one breath, then next moment MISAPPLY His law of THINKING --- by harboring negative, malicious, covetous IDEAS.

How may we be true to the CREATOR? First of all, we may show ACTIVELY we are trying to emulate His law of PROPER THINKING. There is no use imagining we will not stumble occasionally. It is human to ERR, and the best of us will sometimes be human --- at least, in THAT respect. However, we can get up quickly after each fall, and guard much closer any future embarrassment of such nature before God. A child beginning to walk will take many tumbles, but each one will

teach a lesson and FINALLY, with full CONFIDENCE and STRENGTH, the child will walk normally --- perhaps tripping or skidding occasionally. In MENTAL and MORAL life, the two habits of tripping and skidding follow us the main part of time. However, a great number such errors SHOWS lack of WILL-POWER. It becomes a duty to occupy ourselves with the necessity of STRENGTHENING our WILL until it shall set the watchdog of our subconscious mind on EVERY THOUGHT and IDEA that means us injury.

Again, let it be said that VITAL importance must be attached to the HABIT you must form of FRAMING your VISUALIZATIONS in NATURAL environments. USE "mental" rivers that are calm, trees full of glorious foliage, flowers of matchless beauty and fragrance (you can very quickly learn to distinguish odors through the POWER of your ASTRAL body,) animals of gentle and graceful mien, people with HIGHER MINDS, and the thousands of combinations of ELEMENTS and BEINGS that shall GIVE every MENTAL PICTURE what it must always have --- a sense of ACTIVE REALITY in LIFE and MOTION. In addition to this, the more NATURAL LIFE you incorporate in your VISUALIZATION, the more GLOWINGLY OPTIMISTIC your mind will become until the subconscious realm will REFUSE all but THOUGHT-COMMANDS that send out electric VIBRATION to bring back ONLY the ripe fruit of contacted OPPORTUNITY that shall DEMONSTRATE in material form.

You must put on a cloak of beauty that shall allow God's favor to reach you. The homeliest person on earth can be beautiful if possessed of PERSONALITY that beams LOVE and GOOD-WILL for all beings with whom the homely one shares life. Everybody's ASTRAL form is PERFECT and BEAUTIFUL, it is said. The material HOUSE of the SPIRIT which we call the physical body is subject to ailment, and therefore, cannot always be perfect in symmetry and texture. At dinner, is it the SHAPE of the ham that most attracts you? Is it the beautiful smoothness of the lamb roast? Most people's liking for such foods is based on DESIRE for FLAVOR --- not appearance alone. It is true that good-looking food is an aid to digestion. Now, such is the manner of God's THOUGHT --- He REGARDS the PERSONALITY which is WITHIN the body, just as FLAVOR is WITHIN meat. God wants YOU to be as attractive as possible, for then, you are pleasing to other people's sight and can help others to SEE beauty, RECOGNIZE its importance, and LOVE it for its OPTIMISTIC significance. Now, never forget that the GREAT part of you that MUST become beautiful in order to attract God's interest in SEEING you approach Him --- is the INNER you --- the SPIRITUAL you.

If God had not loved you, He never would have created you. Thus, it is your duty to become worthy of this act of God in giving you EXPRESSION of form by LOVING yourself --- His creation --- enough to cloak yourself with as much NATURAL

beauty as possible. In other words, you must become ALL that is POSSIBLE in PERSONAL CHARM. Your motive must be SINCERE, your purpose in attracting others to you must be for THEIR BETTERMENT. If you were to try using THOUGHT-POWER to attract people for their ability to satisfy selfish desires, you would suffer a BLACK future.

Guided by the LIGHT of right UNDERSTANDING in practice, you cannot fall and will soon forget the existence and even the meaning of such a word as "failure." Since you KNOW that all law is based on FORWARD MOTION, if you contact this very PRINCIPLE and FOLLOW it, you cannot go backward. BEHIND you alone dwells that monster that devours the WEAK --- FAILURE! No calamity is swift enough to overtake the man or woman who sets FACE FORWARD and will allow no light but the WHITE LIGHT of GOD to guide FUTURE.

Try to IMAGINE the UNIVERSE as the great PHYSICAL body of God. If you can learn to do this, and it is certainly simple of accomplishment, then INSTANTLY you will REALIZE that this TRUTH being ACTUAL, you REALLY are a part of God's body; that in some way your ACTS attract His sense of FEELING --- pleasing or displeasing Him as the case may be. It is logical, then, to believe that every wrong act will cause a sharp pain to pass through God's body --- as if you became conscious of an annoying pimple or blackhead. There is only one way to relieve such uneasiness --- it must be REMOVED or CORRECTED. Now God's justice REMOVES us from His pleasure when we become to Him corrupt like sores in our own bodies. You will see how it is that we are the cause for our own misfortune, since God's law has NO FAVORITES and ALL offenders SUFFER the same DISCIPLINE. When adversity strikes, study the past and you will see your OWN mistakes rearing their ugly heads in the background. Then you will KNOW whom to blame, and certainly will never harm yourself by accusing God!

Now as we approach the close of this course wherein so much pleasure of meeting with you has been the author's lot, allow a few moments while we learn a NEW WAY to contact WEALTH --- to VIBRATE it through RADIO (electric) MAGNETISM into our separate AURAS, or environmental spheres.

Our wealth-attracting exercise indeed is very simple, and ENJOYABLE. Imagine yourself standing on the crest of a green hill with the Sun rising! Never SEE the Sun setting, or after high-noon position, for if you do, there will build-up a subconscious impression that you are receding, rather than ASCENDING. Now, imagine that from the Sun are emanating RAYS of LIGHT you can SEE approaching YOU. As each ray of light comes nearer, VISUALIZE it as a pin-point of GOLD. Then, allowing this pin-point to GROW, finally SEE it take shape as a GOLD COIN and enter any one of three chests that stand open before you --- one to the left, one to the right, the third in

front of you. In this THOUGHT-PICTURE, NEVER place a chest BEHIND you; you must ALWAYS keep SUPPLY before your VISION, and NEVER behind it, or in the background. As the GOLD COINS come, in time they will fill all three chests, kneel and place your two hands on your forehead while you offer a prayer of thankfulness to God for SUPPLY. Then VISUALIZE uses that are MORAL and CONSTRUCTIVE to which the GOLD COINS may be directed and joyfully, release as many COINS as are needed to bring to BEING the DESIRES of your VISUALIZING. Along the pathway up the hill will ascend certain clean, honest-appearing individuals. PROJECT a few COINS to them and SEE their gratitude as they move upward more OPTIMISTICLY toward the crest of the hill.

You must ALWAYS be ready to SHARE in order to obtain CONSTANT SUPPLY from God's inexhaustible storehouses of WEALTH. In our exercise, we use THREE chests, for THREE in occultism is the number ruling SUPPLY in its PHILOSOPHIC meaning --- not SUPPLY for selfish use. A final word in regard to all mental pictures is to REMEMBER they are SYMBOLIC --- they INDICATE to the subconscious mind and ASTRAL body what INTENT you have in life. You will not fail to attain your FINEST DESIRE if you will KNOW that this SYMBOLIC work in THOUGHT-BUILDING is bringing you OPPORTUNITIES to materialize whatever you PICTURE. God stands ready to assist you to SUCCESS when you are WILLING to USE it for MANKIND's betterment!

TAKE HEART, ALL WHO LIVE FOR IMPROVEMENT!

To meet you on the common ground of study has brought great happiness to the author. You will, he knows, allow him a personal word as we separate for a little while.

NEVER cease to look for NEW light and improvement! No matter how marvelous any teaching may seem to you, there always will come another that shall supersede all former methods of advancing SELF. Even now, the author is at work digging from the great storehouses of MENTAL SUPPLY --- NEW and easily understood TRUTHS to pass to all who are interested in ASCENDING! We are going to look forward to many, many future hours of valuable CONTACT with one another through literary medium.
